

Portable Covert Illumination System

CYBERLUX®
Harnessing the Future of Light

“The Watchdog”

SYSTEM OVERVIEW

- Precision NVG-Compatible Covert Illumination System for Boundary Security and Asset Protection
- Robust Threat Differentiation via Covert and Visible Optical Beam-Shaping Technology
- User-Defined Illumination Energy within Target Field
- System Weight: 49 lbs.
 - 4 Lighting Units, each 7.75 lbs.
 - Self-Contained System Case
 - Commercial Airline Weight Compliant
- Over 15 Hours Run Time
- 870 nanometer IR Covert Illumination level
- Operating environment: -4°F to 140°F
- Powerful Covert Illumination over 300 ft. by 300 ft.
- Operates on Standard UBI-2590 Li-Ion Batteries
- Wireless System Control and Operation via wireless Remote

Available via **GSA Contract GS-07F-9409S : P/N 2CP0150**
National Stocking Number 6230015635690
